

**INDEX TO ARD EMERY GLASS NEGATIVES COLLECTION 1890-1905 Part #1**

**Iosco County Michigan**

**1**

May 20 2008

January 11 2009 (Revised Introducion)

**Copyright** ©2008-2009 by the Iosco County Historical Society & Museum, 405 W Bay St. (US-23), East Tawas Michigan 48730, 989-362-8911, HuronShoresGS@yahoo.com

**This is a joint project:** The Historical Society owns the photo collection and the Huron Shores Genealogical Society did the scanning, the indexing and put the index on their web site [www.usgenweb.org/mi](http://www.usgenweb.org/mi) then link to Iosco County.

**Listed in this index are names of persons** who ordered photographs from the Ard G Emery's Photography Studio in East Tawas Michigan between about 1890-1905. The Ard G Emery Glass Negative Collection Index is divided into three separate computer files: Part #1, Part #2 & Part #3. Part #4 is an additional written history of this collection and the indexes.

These images were recorded in a negative format on glass plates. The resulting photographs may or may not be of the person who ordered the photograph. Names seldom are given for the people in the photographs, but they are probably the person, or family members, or close friends, of the person who ordered the photographs. Most of these photographs were taken in the studio, however some were taken in homes and other taken outdoors. These photographs are mostly of people, although there are a few of funeral wreaths, buildings, trains, boats, animals etc.

**Scanned images are located both in the Iosco County Historical Society's Museum and  
The Huron Shores Genealogical Society: Folder-BUS (Scanned).**

**Order Number:** The photographer assigned an order number to most negatives. Order numbers 0001-9999 with a letter suffixes generally indicates there are multiple poses of the same person(s) for that specific order number, although there are some exceptions. Those negatives without an order number have been assigned the number 0000 or 0000 plus a letter suffix.

**The Index Format is:**

- Name of person who ordered the photo & other persons mentioned by name or relationship. A + in this column indicates public input added since the original order was places..
- Description of negative's content: Sex & age of persons, unusual props; geographic locations & condition of the negative.
- Folder number.
- Image number is the same of the order number mentioned above.

**Patrons can order either a photograph or digital copy for their personal family use only.** No commercial use of any kind without specific consent of the Iosco County Historical Society. Orders must include the name, folder & image number of the negative/photo wanted.

- **A positive black and white computer generated** photograph can be made for patrons by the Iosco County Historical Society. The amount of editing, quality and size of paper, will affect the price. Pricing details are not currently available. Please contact Iosco County Historical Society for details at the above address.
- **A digital copy in TIF format using 300dpi** can be E-mailed to patrons. The first image is \$15.00 and other images in the same order are \$10.00 each. If you would rather have a CD mailed to you by USPS add \$3.00 per order. Send your order, and a check or money order (US funds only) payable to the Huron Shores Genealogical Society, 6010 Skeel Ave, Oscoda MI 48750, 989-739-9581, [huronshoresgs@yahoo.com](mailto:huronshoresgs@yahoo.com). Pre-paid orders only. Orders generally take 1-2 days. Send questions to the same address.

**NOTE:** The Genealogical Society does not do image editing because the amount and kind of editing is a very personal matter and the Society has chosen to leave this to the patron.

**Compiler:** Alonzo J Sherman, Database Manager.
